Hello Detective Wisch,

Our City Attorney has required us to have a signed agreement between agencies before sharing.

This is usually handled between legal groups. I can put you in touch with them if worth pursuing on your end.

Thanks,

Good afternoon Cindy,

Our City Attorney requires that we have a letter of agreement to share LPR data with other agencies.

We currently have one with Tempe and attached is a copy of the agreement we use.

For our agency, the Chief can sign but I know this can be different depending on the agency or City. If you want to run it by your chain of command and see if they are interested, but we are definitely willing to share.

Thank you,

Hello, Cindy.  
That request is above my pay grade.  
However, I have copied those who have that authority.

Hello Mr. Sides,

Our City Attorney and Chief of Police require that we have a signed agreement between our agencies before we can share LPR data.

Attached is a copy of the agreement if you wanted to run it by your legal department.

Mr. Hansen:

Our Agency works Criminal Interdiction on Interstate 20 in West Texas and we would like to share our Vigilant LPR reads with your agency and be able to see also see your LPR hits. This would help us in making decisions when we stop cars coming from your area with possible contraband. Thank you for your consideration.
